

AXPDF[®]

aXmag PDF to Flash Converter

Introduction

Designed for 3D interactive online digital magazine publication. aXmag is innovative for page flipping reading online.

Key Features

Page flipping simulation technology

- 3D animated page-flip
- Page flipping sound effect

Vector output technology

- Small converted file size
- High-fidelity image
- Stepless magnification
- Fast online page loading
- Auto-detect page height and width in the PDF and convert one large page into 2 pages if necessary

Other functions

- Customize company logo text
- Multilingual options
- Background music
- Command line (Pro version only)
- Batch processing (Pro version only)
- Combine PDF file into one online magazine (Pro version only)

System Requirements

Windows 2000, Windows 2003, Windows XP, Vista or latest Windows 7.

Also works with terminal server, for instance Windows 2003 Server, Windows 2008 Server, Citrix.

CPU: PII 450 or greater, works with X86 computer systems, 32bit and 64bit CPU.

RAM: 128MB or higher, upper than 512MB is recommended.

HDD: software installation requires around 50 MB free spaces.

aXmag PDF to Flash Converter

Conversion Steps

After the first installation you will find a "PDF to Flash" shortcut created on your Desktop. Please double click it to run the converter.

- Select PDF to be converted:

Input PDF files:

Output SWF folder:

Click here to add PDF file.

Output path will be created automatically. Click this button to set a new output path if necessary. The publication name will be the same as the PDF file name.
* Please make sure the PDF file name is in English and do not include any characters of other languages.

- Thumbnails of the contents in the PDF will be created, preview the contents before the conversion:

Press "<" and ">" to view thumbnails of the contents.

Page 1 of 92

Maintenance Booklet

- Choose player language:

Player language:

- English
- French
- German
- Finnish
- Polish

Choose your player language from the drop-down list. Buttons and right-click menu will then show in the language as you specified. Please contact us if your language is not listed in the converter.

- Add company name for the online magazine or choose company logo image to the left top of the online magazine (not available in trial):

Logo content:

Logo picture

Enter your company name here.

Choose your company logo (*.jpg) and image size is recommended within 240*40 in pixels by width and height.

- Page options:

Make each PDF page divided into 2 pages.

The first PDF page is just the cover back page.

Tick this checkbox if your PDF was created with two pages in one PDF page.

Tick this checkbox if your PDF was created with back cover as the first page.

- Turn on/off page flipping sound effect:

Page flipping sound effect.

Sound effect when you flip pages in the online magazine.

- Add background music, clear this area if you do not want a background music:

Background music:

Add background music and it will auto play when you view the magazine.

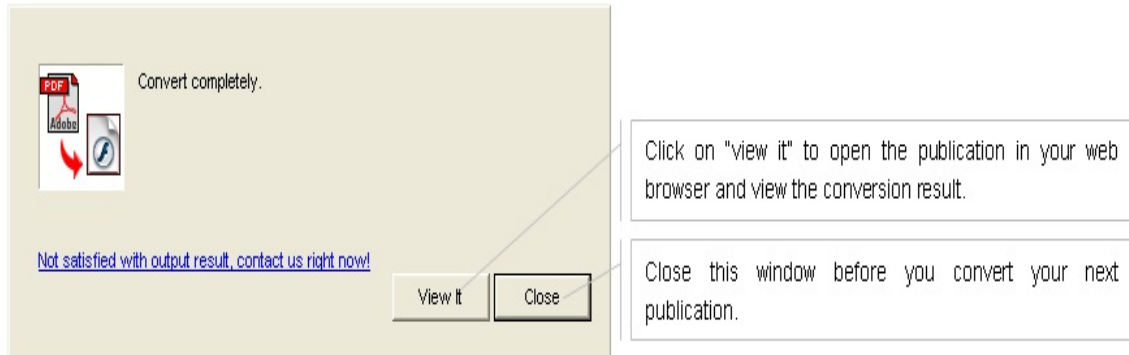

- Press the "Convert" button and wait for the conversion result:

Converting...

[Not satisfied with output result, contact us right now!](#)

- To view the conversion result, press "View it":

- It will then open the converted online magazine in your web browser.
- Please click "Close" button before you need to convert your next publication.

F.A.Q.

1. Is there any demo example that I can view before I purchase?
Yes, please go to [Demo page](#) and view example demos. You can also [upload your PDF](#) and view your own online digital magazine. Then you can view your publication online freely.
.
2. Where is the file stored, if I want to publish the magazine online?
The converted files are stored on your local machine and if you want to publish it, you need to copy all the files online and send others the HTML link to view the publication. You can attach a link or put in the url as a link in the email then send to thers. It is just you convert the PDF into flash, put these files online and then send others the html link.
.
3. Once purchased do I have any ongoing costs, subscription fees or conversion costs, or once purchased I can make as many flash mags as I want?
Once you purchased the converter, there will be no additional fees (no subscription fees and no additional conversion costs) and your license will not be expired. You can create as much online magazines as you want. For upgrading, you have one year free-updating period to update your converter to the latest version. However you do not have to purchase another one-year of updating if you do not want to update as your license code will not be expired.
.
4. Can I purchase axmag converter using my Credit Card?
Our products can be purchased from our authorized vendors RegNow. We accept Credit Card (Visa, MasterCard, American Express, Discover/Novus, Eurocard, etc), Paypal, Bank/Wire Transfer, Check/Money and Phone/Fax Order. You can

view [price](#) of the converter or [contact us](#) for any purchasing issue.

- .
5. Can I purchase conversion for just one PDF without purchasing PDF to Flash converter?

Yes, if you need to convert single PDF to flash without trial markups and without getting the licensed copy of PDF to Flash Converter, please click the [buy now](#) link for conversion service of PDF to Flash. We will send you the converted files and let you publish your masterpieces online without trial markups, trial hyperlinks or other restrictions. Please firstly try to upload your PDF and view your publications online to make sure the conversion quality then purchase the conversion service.

- .
6. Is there any ActiveX Controls that I can use to construct my own online conversion?

Yes, we provide Server License for users to construct their online conversion, please note the ActiveX Control cannot be used to create EXE version for sale. If you are interested in the ActiveX Control, please [contact us](#).

- .
7. What are the differences between the Internal-use License and the Cooperate-use License for the ActiveX Control?

Internal-use License: for company users to upload PDF and to create Flash files in the company.

Cooperate-use License: for companies' conversion services for their clients.

The publish of flash files is unlimited. Please note that the ActiveX Control cannot be used to create EXE version for sale. For any other questions please [contact us](#).
